Ashmont Ski Trip

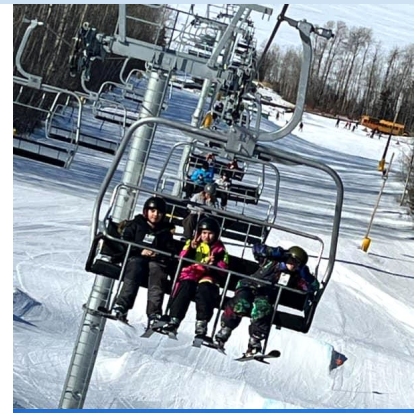

On February 8 grade 4 went skiing. On the 22nd, grades 5 and 6 went skiing at Kinosoo Ridge Ski Resort. There were plenty of ski and snowboard lessons for kids. The instructors showed kids what to do and how to do it. The students loved skiing. It's also a healthy activity and good exercise for you and your body. Lots of people have learned new skills at skiing and snowboarding.

Kinosoo Ridge is located near Cold Lake, AB. Did you know that it was established in the early 1980s and named after a Dene legend? The vertical drop is 107m and there's also 60 acres of space for skiing.

Kinosoo Ridge has 13 runs for different levels of skiing. There are lessons where you practice skiing in case you don't know how to. There's three different hills. There is a bunny hill. If you pass the test on that one, you go on the green hill. You need an instructor to take you up the blue hill to pass and ride on it.

"I really loved when we went down the green hill fast and it was fun going down the blue hill," exclaimed Annalay.
